Cowboy ridge is some of the best elk habitat known in the state of Oregon. Ever since the first time I saw the area, I have been in love. Of all of the places that I have ever been, this is the most beautiful and breath taking of all. I am 25 years old and look forward to a lifetime of family memories. I hope that I will be able to share with my kids the same love for the outdoors and ranch as I have. I recommend placing the transmission line next to the line already in place or by following the interstate.
